

Baltusrol Golf Club

Springfield, New Jersey

In preparation for the 2005 PGA Championship at the Baltusrol Golf Club in Springfield, New Jersey, Davies Associates Landscape Architects, LLC transplanted large existing trees and shrubs from areas designated for temporary seating to areas where screening was desired. New plantings were added at the Entrance to the club as well as at the 4th green, which is highly visible from the club house. A combination of flowering trees and shrubs were used to create a colorful backdrop to this hole and to offer a long season of bloom for players and spectators alike.
